Discussion:

Nicole Harbor from PAPSC South west region representative attended the meeting as our goal was to see if we could possibly pull off a CEC Day this summer. We discussed location, dates and times that we felt would get the greatest turn out. We also discussed speaker and/or a theme. Nicole is prepared to pass on the Ethics training passed down by the state. The committee agrees to the topic as well as a discussion afterwards regarding the State's control of the Certification process.

The county will provide space and small admin support, while the Education Committee will provide the meals and other admin support. The PAPSC may not charge for their training while in collaboration with the County and/or the Education Committee. The summer CEC Day is planned as follows:
