**Agenda Item: Recovery 101
Committee Goal Being Addressed: Discussion
Discussion:**

We are looking at Bill's and Danielle style presentation (as a skeleton), and brainstorming ways to say exactly what we would to convey a Committee. We want to be sure that this tool demonstrates an understanding of the importance of Recovery and Wellness as they apply to planning for success.

We want trainers to be able to apply the principles of recovery. What is Recovery, define it, use other people's definition of it, and there is all kinds of recovery.
