Although we are a little behind, the new group is doing well and everyone is happy. We are working diligently on our video project. Our meetings are the 1st Wednesday at 1 pm at the Brew on Broadway.

September 2016

We have been working on our Video Project. We have not met in 2 months. Our videographer met with our first story today. It didn't go well. We have another story planned for next week. Can my video guy come next meeting to tell how our project is going to look upon completion

November 2016

We are working on our film which has been moving pretty slow. Mainly due to our needing to meet more often. We are meeting maybe once a week for now. Debbie Liberto started filming yesterday. Raymond Webb, he is a CPS, going to record for us. So, we are moving, slowly, but moving.
