**Agenda Item:** Recovery 101

**Presentation:**

**Discussion:**

Bill will send KP the power point version of the Recovery 101. Tacia will email Bill and KP the updates and changes to be made. KP will make the changes over the weekend to present at March's meeting for the committees review.

Reflecting back to the Logic Model

- We are looking at tools for evaluation: suggestion to maybe use survey monkey to get an idea of numbers and initial evaluation. Maybe use a survey site that will print a Certificate of Training after the survey. Idea to contact people in 90 days to see if training helped within their work place. It needs to be friendly and easy.
- We need tan incentive for people to be interested in giving feedback. Maybe a gift cat every 5<sup>th</sup> person, or Thank you cards and an ACCR pen.
- Small suggestions to make within Logic Model itself:
  - \*Under Immediate Outcomes maybe add "Self Awareness"
  - \*Under Long Term Outcome maybe add "Self Growth"
  - \*Everywhere change mental illness to mental health diagnosis
