Agenda Item: Meeting/Planning Scheduling to year's end

Committee Goal Being Addressed:

Discussion:

We will be meeting monthly through November's meeting, November's meeting will be the last Friday after Thanksgiving which is November 30, 2018. **If everyone will please put the last Friday of every month on their calendar from here on out.** *Bill will send a short quick email to all as a reminder.

Action Item	Person Responsible	Target Date
Send an email as a reminder of Monthly SC meeting	Bill	7/29/18

Agenda Item: Camera

Committee Goal Being Addressed:

Discussion:

Education and Public Awareness asb if they could make good use of the camera. CRD feels it's useful for PA but not for them personally. C&F doesn't feel the need for a camera at all.

Education and PA are working together to get a quote which doesn't need to go to Paul or Paul.

Agenda Item: Co-Chair term limits

Committee Goal Being Addressed:

Discussion:

Relevant changes are in Article III - Membership. We should stick to the 4 year term max. With the exception of committee's with no available leadership. If/when this occurs the current co-chairs stay on until new leadership is available. Paul B. will make the necessary updates

Agenda Item: ACCR Website

Committee Goal Being Addressed:

Discussion:

No feedback as of yet we didn't get all the committees reports.

Agenda Item: Committee Updates

Committee Goal Being Addressed:

Discussion:

Education: We are still working on Recovery 101. We also have agreed to pick up VP2 and we're looking to don a collaboration with PA. Might it be noted that in the time we've been working on Recovery 101 we have completed a few other projects. A couple that were handed down by the County and another of our own desire which we completed twice.

QI: Not present

Collaborative for Recovery Dialogue: We did not have our Residence dialogue this spring. The facilitator training was postponed as some attendees couldn't make it. Our perspective date is 9-11-18. We are possibly seeing about a Spirituality Trialogue for October. We are also still working on updating our survey.

Child & Family: We went to the AFN Annual conference and the NAMI Conference in May as Exhibitors. We are on the final draft of our poster. We will be meeting with LAUNCH to discuss how and where to roll out these posters. Got the wagon for conference materials.

Public Awareness: Elected Ricky Moody to come on as provider co-chair though it still needs to be voted on by the Steering committee. Would like to hire a Social Media advisor

Agenda Item: Strategic Planning

**Committee Goal Being Addressed:
Discussion:**

We have began to look at our marketing and outreach. Providers are looking to get Recovery training for new hires. Also, to have Person's with lived experienced to come out and speak about Recovery & Resiliency

What specifically could we do to reduce Stigma?

**Next Meeting:
July 27, 2018
